

# Gilded Wonders

## Catherine McClung Artist Residency

Thursday – Sunday October 17 – 20

**B**irds in Art artist Catherine McClung's watercolor paintings take inspiration from the woods, waters, and meadows near her Michigan home. She often incorporates gold and silver leaf into her artwork, finding a balance between the vibrant colors of her subjects and the luminous, soft shine afforded by gilded backdrops. Learn more about Catherine's use of metal leaf during her residency programs, including a presentation, public demonstration, and two-day studio workshop for teens and adults, all in tandem with the Wisconsin Science Festival, October 17-20.

October 17 Thursday 5:30 – 6:30 pm

### Fine China & Gold

#### Guest Artist Presentation

Artist-in-residence Catherine McClung shares stories and career highlights, including her design work for Lenox fine china, the ornament she created for a White House Christmas tree, and her current watercolor paintings accented by gold and silver leaf.

October 18 Friday 2:30 – 4 pm

### Artist Demonstration

Drop in and observe *Birds in Art* artist Catherine McClung at work and learn more about how she combines watercolor and metal leaf in her paintings.

October 19 & 20 Sat. & Sun. 10 am – 4 pm

### Watercolor & Metal Leaf

#### Teen & Adult Workshop

Join Catherine McClung for a two-day, mixed-media workshop exploring the use of gold and silver leaf in watercolor paintings. Teen and adult participants will learn how to work with metal leaf and gain hands-on experience incorporating the material into original artworks. Total fee: \$120 for members; \$150 for non-members; includes all materials and lunch both days.
