45TH Annual Student Art Exhibition

February 26 – April 10, 2022

Scope

This exhibition is open to art educators teaching in public, parochial, and home schools in central and north central Wisconsin. Its purpose is to recognize and display the original and creative artwork by students in grades 9-12.

Rules of Entry

Quantity

Each teacher, regardless of the number of classes taught, may enter up to four artworks.

Originality

Each artwork entered must be an original. Artworks produced from pre-designed kits are not acceptable. If the artwork is the result of an assignment using pre-existing materials (such as photographs or printed materials), please provide an explanation on the Entry Tag and Master List (see below).

Medium

Artwork created in any medium is acceptable.

Entry Tags & Master List

Each artwork must have a complete and legible Entry Tag attached. Tags can be handwritten or completed through the fillable PDF. Tags for three-dimensional artworks may be taped to the object or placed inside.

Teachers must complete the Master List and include student addresses for submitted works so notification can be mailed to the students and their families.
